

## **List of Academic Fields**

### **1. Degrees in Material Science and Engineering**

- Metallurgical Engineering
- Functional Materials
- Inorganic Nonmetallic Materials Engineering
- Material Forming and Control Engineering
- Welding Technology and Engineering
- Metallic Materials Engineering
- Macromolecular Materials and Engineering

### **2. Degrees in Petrochemical Technology**

- Chemical Engineering and Technology
- Safety Engineering
- Applied Chemistry
- Petroleum & Gas Storage and Transportation Engineering
- Environmental Engineering
- Process Equipment and Control Engineering

### **3. Degrees in Computer & Communication**

- The Internet of Things Engineering
- Computer Science and Technology
- Software Engineering
- Communication Engineering

### **4. Degrees in Energy & Power Engineering**

- New Energy Science and Technology
- Mechanical and Electronic Engineering
- Hydraulic and Hydro-Power Engineering
- Measuring & Control Technology and Instrumentations

- Energy and Power Engineering

#### **5. Degrees in Design & Art**

- Product Design
- Industrial Design
- Environmental Design
- Visual Communication Design
- Urban and Rural Planning
- Architecture

#### **6. Degrees in Science**

- Information and Computing Science
- Engineering Mechanics
- Applied Physics

#### **7. Degrees in Civil Engineering**

- Civil Engineering
- Project Management
- Project Cost
- Architectural Environment and Energy Applying Engineering
- Surveying & Mapping Engineering
- Water supply and drainage engineering and Science
- Engineering of Roads, Bridges & Ferries

#### **8. Degrees in Electrical & Mechanical Engineering**

- Industrial Engineering
- Mechanical Manufacture and Automation
- Textile Engineering

#### **9. Degrees in Life Science & Engineering**

- Pharmaceutical Engineering

- Bioengineering/Biotechnology
- Food Science and Engineering

#### **10. Degrees in Foreign Languages**

- Russian

#### **11. Degrees in Electrical & Information Engineering**

- Electronic and Information Science
- Electrical Engineering and Automation
- Automation

#### **12. Degrees in Law**

- Law
- Intellectual Property

#### **13. Degrees in Economics & Management**

- Accounting
- Information Management & Information Systems
- International Economics & Trade
- Business Administration
- Marketing
- Financial Management
- Monetary Finance

#### **14. Degrees in Chinese Language & Literature**

- Chinese Language & Literature
-
